AFC-HOLCROFT DELIVERS UBQ FURNACE TO COMMERCIAL HEAT TREATER

December, 2011 - A commercial heat treating operation located in a Gulf state within the United States has taken delivery of a new AFC-Holcroft UBQ Universal Batch Quench furnace, size 36-72-44. The furnace has a capacity of 6,000 lbs. gross, and is a near duplicate of existing AFC-Holcroft furnaces already running production parts for this customer.

About AFC-Holcroft:

AFC-Holcroft is one of the world's largest manufacturers of heat treating furnaces. The legacy companies that comprise AFC-Holcroft have a combined 225+ years of thermal processing experience. The company manufactures turn-key heat treating systems for applications including commercial heat treating, bearings, automotive, aerospace, mining, military, aluminum heat treatment, gear manufacturing, fastener manufacturing, and alternative energy industries.

AFC-Holcroft, headquartered in the United States, has a global reach with direct sales coverage in North America and worldwide, while AFC-Holcroft Europe serves major industrial markets in Germany, France, and other European locations. AFC-Holcroft's Asian Operations manages partners in China, India, South Korea, and other countries in the region, and the company also extends into markets in Argentina, Australia, Brazil, Mexico, Poland, Russia, Spain, and Turkey through relationships with partners, many of whom have manufacturing capability.
