### **AFC-HOLCROFT RECEIVES ORDER FOR 2 ROW PUSHER CARBURIZING LINE, PROVIDES INCREMENTAL DELIVERY TO ACCELERATE DELIVERY SCHEDULE**

January, 2012 - AFC-Holcroft has received an order from a commercial heat treater for a 2-row Pusher Carburizing Line, and is delivering the equipment on a piece-by-piece basis directly onto the customer's plant floor in order to improve the delivery schedule on this custom equipment.

The equipment consists of prewash, preheat, a 2 row pusher carburizing furnace capable of holding 26 trays, hot oil quench with air-to-oil heat exchanger, spray dunk postwash, a single row temper furnace and tray transfers.

In order to meet the customer's immediate production demands, AFC-Holcroft agreed that as each major components of the project are fabricated, the components are delivered to the jobsite and placed directly into position on the customer's plant floor.

The equipment will be utilized primarily for carburizing of parts, but the furnace line will be capable of carburizing, carbonitriding, neutral hardening and marquenching.

### **About AFC-Holcroft:**

AFC-Holcroft is one of the world's largest manufacturers of heat treating furnaces. The legacy companies that comprise AFC-Holcroft have a combined 225+ years of thermal processing experience. The company manufactures turn-key heat treating systems for applications including commercial heat treating, bearings, automotive, aerospace, mining, military, aluminum heat treatment, gear manufacturing, fastener manufacturing, and alternative energy industries.

AFC-Holcroft, headquartered in the United States, has a global reach with direct sales coverage in North America and worldwide, while AFC-Holcroft Europe serves major industrial

markets in Germany, France, and other European locations. AFC-Holcroft's Asian Operations manages partners in China, India, South Korea, and other countries in the region, and the company also extends into markets in Argentina, Australia, Brazil, Mexico, Poland, Russia, Spain, and Turkey through relationships with partners, many of whom have manufacturing capability.
